“Relay for Life”

All sponsors will have there name put on a Marquis and
Shirts.

Hole sponsor, signs will be on your selected tee-offs, you
may provide your own sign.

I am a volunteer for the American Cancer Society. I am part of a team of friends, family & co-workers, working together to help raise the awareness of cancer, and devoting my time to the fight against cancer.

Everyone knows someone who has had cancer.

What is Relay for Life? “The American Cancer Society Relay for Life, is the most successful fundraising event in the nation and signature event of the American Cancer Society, is a 24-hr community-based event that empowers individual communities to get involved in the fight against cancer. Everyone is encouraged to participate in Relay for Life, including friends, families, businesses, organizations, elementary, middle and high school students, college groups, churches, youth organizations, community groups and most importantly, cancer patients and survivors. Above all else, Relay for Life is a celebration of life, a celebration of health, a celebration of cancer survivorship and a way to pay tribute to those who have lost their battle with cancer.

Relay for Life raises funds to support the American Cancer Society’s programs of research, education, advocacy and service. All participants are encouraged to raise funds, and at the closing ceremony awards will be presented, including awards to the team and individual who have raised the most. But, while fundraising for the Relay for Life is fun and competitive, it is also crucial to continuing the mission of the American Cancer Society. Since the American Cancer Society’s research program was started, nearly \$2.5 billion dollars have been awarded to cancer researchers across the nation including 32 Nobel Prize winners. Through Relay for Life, you make it possible for this life-saving research, and all of the education, advocacy and service programs of the American Cancer Society, to continue.

One in three Americans will be diagnosed with cancer at some point during their lives, and everyone will be touched by cancer at some point. Even though tremendous progress has been made in the fight against cancer, there is still much more to do. In addition to raising money to fund the American Cancer Society programs of research, education, advocacy and service by participating in the Relay for Life, you are helping to raise awareness of this disease that affects so many of us.”

Allegan County Relay for Life is August 5-6, 2005 @ the Allegan County Fairgrounds. The Relay for Life has several festivities. The Opening Ceremony Cancer Survivor's Victory Lap, Luminaries Ceremony, and the Closing Ceremony. There are also children's games, entertainment, misc. laps, music, and testimonials. This is the most powerful celebration of Survivorship I have ever witnessed.

Your donation in any form is Tax Deductible, most importantly you are making a statement supporting the awareness of cancer, supporting Survivorship and helping to fight this disease that effects so many of us.

Consider forming a team and becoming part of the Relay for Life. For more information, visit the web site @ www.cancer.org.

Thank you for your time, consideration, and support.
